Thank you for calling in at Hampstead stone .

Although every effort is made to ensure colours remain constant, different batches may vary slightly in tone.

Sealing your paving or patio is your personal choice but we will NOT be liable for any damage or discolouration once you have done so.

PLEASE READ THE INSTRUCTIONS CAREFULLY.

During the winter months we would advise you not to use road or any other kind of salt to rid ice off your patio, it WILL eat away at the concrete and spoil your patio.
